St. Paul, MN 55130

Hello,

We were notified by one of our vendors that they could not validate the FCC form 472 we submitted for the 15-16 school year.

Our vendor contacted USAC, receiving case number 166131, and was directed to have us submit a waiver request directly to the FCC. We contacted USAC ourselves, receiving case number 166437, and were told the same. USAC explained that the situation was caused due to the changes made by the FCC to the process.

The FCC form 472, for Invoice ID 2404995, reports status as "Pending Validation."

We, therefore, request a waiver to the FCC form 472 deadline, and allow us to submit a new FCC form 472 for reimbursement.

Thank You,  
Paul Schettner
